

Docket EPA-HQ-OPPT-2020-0474

CAS# 106-99-0

Date November 30, 2021

BASF Corporation (BASF) is providing a list of studies it has in its possession (List 1) along with copies of the studies. BASF is a member of the ACC 1,3-Butadiene TSCA Risk Evaluation Consortium which provided details on the ongoing studies. BASF is not aware of any additional ongoing studies.

The ACC Olefins Panel has provided copies of the ACC sponsored unpublished studies along with information on an IISRP study on dominant fetal mutations. BASF is aware of additional CEFIC and IISRP studies provided in the attached list (List 2).

BASF does not have access to robust study summaries except those publicly available on the ECHA website which are also available to EPA. To access the ECHA publicly disseminated robust summaries, please search by CAS# at [Registered substances - ECHA \(europa.eu\)](https://echa.europa.eu/en/registered-substances) and look at the endpoints of interest.

Please contact (ann.tveit@basf.com) if you'd like additional information.
